10.00 – 10.20 Complications after Pancreatic Surgery (**Potrč**)
10.20 – 10.40 Complications after Pancreas Transplantation (**Kocman**)
10.40 – 10.55 Videoscopic Assisted Retroperitoneal Debridement and MARNP (**Đokić**)
10.55 – 11.10 Negative Pressure Therapy in Acute Pancreatitis - Indications (**Petrič**)
11.10 – 11.25 Negative Pressure Therapy in AP – Single Institution Experience (**Zelić**)
11.25 – 11.35 Satellite Symposium: **MEDIS**
Role of somatostatin-14 in the management of pancreatic and GI fistulas (**Đokić**)

COFFEE BREAK AND SNACKS

Session 2 moderators: Tomažič, Potrč, Kocman

12.00 – 12.20 Planning and Timing of Cholecystectomy (**Grosek**)
12.20 – 12.40 Pancreatitis after Pancreatic Trauma (**Karamarković**)
12.40 – 13.00 Pancreatic Pseudocyst (**Matić**)

13.00 – 13.30 **Eldar Gadžijev lecture**
First Synchronous Liver and Small Intestine Transplantation – King's College Experience

Session 3 moderators: Plut, Trotovšek, Dežman

13.40 – 15.00 Free topics session (5 min lecture/2 minute debate)

- Acute Pancreatitis in Pregnancy (**Trivić**)
- Acute Pancreatitis in Children after Abdominal Trauma (**Takahashi, Štor, Pintar**)
- Pancreatitis – Infection Complications treating Patients in Surgical Department (**Šijaković, Pintar**)
- Early Prognostic Tool in Acute Pancreatitis at Emergency Department (**Vozel, Uršič, Možina**)
- Characteristics and Flow of Patients with Acute Pancreatitis at Ljubljana Emergency Department (**Uršič, Vozel, Možina**)
- The Great Alliance in combating Antimicrobial Resistance (**Pintar**)
- Early Cholecystectomy in Acute Calculous Cholecystitis still Burdened with Serious Surgical Complications (**Mihanović, Domini, Jovič, Čoza, Lučev, Rakvin, Katušić, Vukosav, Dijan**)
- Septic Shock in Severe Acute Pancreatitis, Treated with Cytosorb – Case Series SERIES (**Stecher, Stanić, Kostadinov**)
- Dynamic of Acute Necrotic Collections Quantified with Texture Analysis (**Dežman, Jordan, Leben, Petrič, Đokić, Trotovšek, Popovič**)
- Interleukins (IL) 6, 8 and 10 in predicting the Severity of Acute Pancreatitis – a Prospective Study from a Tertiary Institution (**Čeranić, Zorman, Skok**)
- The Role of Conventional and Contrast Enhanced Ultrasound in Acute Pancreatitis (**Brvar, Brodnjak**)
- Laparoscopic Pseudocystogastrostomy - Case Report (**Salobir, Juvan**)
- Pancreatopleural Fistula – a Rare Complication of Pancreatitis (**Zavrtanik**)
- Lumen-Apposing Self-Expandable Metal Stent for Drainage of Pancreatic Fluid Collections: a Clinical Case (**Božič, Strniša**)

15.00 **Closing (Tomažič)**
